

LINKS POND CLUSTER
ASSOCIATION

Cluster Parking Decal Application

Article 10 of the November 2, 1989, Links Pond Cluster Association Bylaws, and the LPCA Parking Policy, June 3, 2016, authorizes its Board of Directors to ensure that all residents of the Cluster have reasonable access to parking for their vehicle(s). The purpose of this Application is for the Board to ensure that information on any vehicle(s) parked on cluster property is kept up to date. The Board may tow any vehicle(s) whose owners are in violation of these by-laws and policy.

It is thus necessary to update information on all vehicles. Most householders own at most two (2) vehicles. If a third vehicle is owned, the Board may approve the vehicle, subject to assessment of available parking space. A fourth vehicle may not be parked in the cluster at any time, and must be parked elsewhere.

Applicant's Name and Cluster Address

Name	Signature
Address	

Applicant's Vehicle Description

Description	Vehicle #1	Vehicle #2
Color		
Make		
Model		
License #/State		
Year		

NOTE: Applications are limited to two (2) vehicles. Should applicants wish to apply for a third vehicle space, a second form must be completed. Granting of permits will be at the discretion of the Cluster Board of Directors

To be Completed by the Board Member Receiving the Application
